The software that accompanies the book will compliment the "best practice" approach the author teaches to media creation, editing, authoring and publishing. The collection of software will include a wide variety of shareware, custom scripts, templates, and tools. The software collection provides tools, tips, and tricks that turn ideas into action. The CD-ROM will include shareware, demos and trial versions of software that will extend and personalize the book experience. The collective body of software included in the offering should allow a reader to tell a story end-to end: 1. Organize, sort and rename2. Edit, crop, and color-correct (or batch process)3. Image optimize for desired output (or batch process)4. Compose Media: build Chronicle (template and visual presentation)5 Publish and Index6. Rinse and Repeat
