This book is an honest attempt towards a serious project to present an objective analysis of U.S. foreign policy for India, Pakistan and Afghanistan. These three nations have played very important and very significant role in forming U.S. foreign policy. The book has in detail narrated how US failed as a super power. How CIA created the monster of Talibans, how it financed Bin laden, how CIA encouraged drug trafficking and looked in other direction when Pakistan and nuclear scientist A.Q. Khan was engaged into manufacturing of nuclear device with the financial support from Saudi Arabia, Iran and other Muslim nations and very active technical support from North Korea.
