## **Roots of Wisdom: The Oldest Proverbs of Israel and Other Peoples** Claus Westermann

In this book, Claus Westermann argues that Israel's early wisdom literature grew out of an oral tradition reflecting an agrarian setting. Dealing primarily with Proverbs 10-31, Westermann demonstrates how the wisdom literature evolved into a form of poetry that had greater universal appeal as the people of Israel became more urbanized. A distinctive feature of *Roots of Wisdom* is Westermann's use of other wisdom sayings, particularly those from ancient Africa, to illustrate the logical progression of wisdom poetry being simply observational in character to becoming more universal in character.
