Welcome to Minecraft Pocket Edition Cheats: 70 Minecraft Pocket Edition Cheats Exposed! Minecraft Pocket Edition is the mobile/smartphone version of the popular Minecraft gaming franchise. It was first launched on Google Play exclusively for the Xperia in August 2011 but was also released for all smartphones on October of the same year. Just like the original Minecraft game, the main objective of the game is to let the player create his own virtual environment and live his own virtual reality. Interactions are done by touchscreen options and via soft keys on the Android Operating System. What makes this edition different, though, is that it does not have the survival options of the original Minecraft such as hunger, training and Redstone circuits. While it was first released with the same graphics that the first Minecraft had but after the 08.0 update, it is said that Minecraft Pocket Edition's graphics have become better, especially when it comes to shading and tinting. If you always have your smartphone with you and have recently downloaded Minecraft Pocket Edition or are planning to download it soon, then this book would be very helpful as it contains 70 cheats that will surely help you make your way through the game without having a hard time. What are you waiting for? Go on and read and start playing Minecraft Pocket Edition with ample knowledge now.
