## **The Conscious Anatomy: Healing the Real You** Case Adams PhD

The link between the human anatomy and consciousness continues to mystify modern medical science. The author reveals the scientific evidence illuminating the connection between consciousness and the body's metabolic processes. This evidence substantiates many key doctrines brought to us from the ancient traditional medicines, enabling a science-based clarification of 'mind-body-spirit.' The Conscious Anatomy reveals the hidden elements of intention and consciousness buried beneath our physiology, while presenting a logical approach to the ethical dilemmas facing modern medicine today, as patients, physicians and medical institutions wrestle with critical care, pain and death. The Conscious Anatomy takes the reader on a profound journey through the subtle energetics of the body, uncovering the inner spirit with clarity and scientific rigor — along with practical strategies for true healing.

Just read this e-book variety for your better life along with knowledge.

#### **Ricky Bodkin:**

As a scholar exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some publication, they are complained. Just little students that has reading's heart or real their interest. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this The Conscious Anatomy: Healing the Real You can make you feel more interested to read.
