The Book of BIZARRE MURDERS. True Stories.

excerpts;

‘The cameras capture the bizarre moment when the woman runs straight into the oncoming traffic, followed immediately by her sister, who does exactly the same thing. One of them is hit by a car and sent flying over its roof; the other is hit head-on by a lorry. One is unconscious but what no-one can understand is why the other one is not injured in any way. She’d been thrown over the roof of a speeding car, and yet she was fine and in fact she seemed quite happy. The next day what she did could never have been predicted...’

‘By her dead body was what looked like a soup ladle; it had blood stains on it, but there was no blood in the room...’

‘She said that on the night it happened, the three of them had been at the apartment drinking wine and that she had challenged Heather to fit herself into the suitcase that was on the floor in the lounge. Kate accepted the challenge and she got down onto the floor and managed to squeeze her body fully inside the suitcase...’

‘Her head was found stuffed inside the giant doll...they thought no-one would notice she was missing...’

‘One of the all-time weirdest and creepiest cases of murder is that of one arranged through the dark world of a deviant chat room on the internet. She spent nearly all of her day in the chat room, describing her desires, until one day she described what it was she was really looking for....’
