How to Build a Primitive Bow Jamie L Burleigh

In this 17 page booklet you will learn how to make a bow in its simplest and most beautiful form...the self bow. I live in the northeast and so I will go over many different types of trees that I have used personally that thrive here and you will usually find all over the u.s.

Along with this booklet and the minimal of hand tools you will have the “know how” to help you build functional tools for shooting, hunting, or just learning primitive skills at your own pace. Included are some great tips that were passed on from some respected elders and family that I am sure will carry you far in your primitive bow making journey!
