## **Blue Sky, White Clouds: A Book for Memory-Challenged Adults** Eliezer Sobel

In spending time with his 86-year-old mother in the advanced stages of Alzheimer's disease, author Eliezer Sobel discovered something astounding. Although she could no longer speak full sentences or follow a story line, his mother could *still read!* He observed her sitting in rapt attention as she paged through magazines and coffee-table books, reading individual words and short phrases aloud. He wrote *Blue Sky, White Clouds* for her: a simple, adult picture book with beautiful, realistic photographs and large, easy-to-read captions. Perfect for any loved one suffering with Alzheimer's or dementia.
