## **Don DeLillo: The Possibility of Fiction (Routledge Transnational Perspectives on American Literature) Peter Boxall**

One of the few available books of criticism on the topic, this monograph presents the fullest account to date of Don DeLillo's writing, situating his oeuvre within a wider analysis of the condition of contemporary fiction, and dealing with his entire work in relation to contemporary political and economic concerns for the first time.

Providing a lucid and nuanced reading of DeLillo's ambivalent engagement with American and European culture, as well as with modernism and postmodernism, and globalization and terrorism, this fascinating volume interrogates the critical and aesthetic capacities of fiction in what is an age of global capitalism and US cultural imperialism.
