When you wish upon a star ...

Alec Kincaid has never met the obstacle he couldn't overcome--or the woman who could resist him. And it's not going to happen now, not with his star shining more brightly than ever in the high-stakes arena of San Francisco's software industry.

Desiree Harlin doesn't believe in fairy tales, and she doesn't waste time wishing. She's learned the hard way that dreams don't come true. And with her reputation and hard-won security on the line, succumbing to temptation isn't an option.

But things aren't always what they seem. And even stars sometimes fall.

**Note:** Despite the fog, San Francisco does get hot at times. If you prefer your romance without steam, you may want to visit a different city ... er, book.
