This academic missiological text provides a thorough, readable and engaging analysis of the foundational concepts of ministry and mission in the early church as presented by one of the earliest Christian historians, Luke. Luke's skill as a storyteller and teacher become evident as he weaves his ministry and mission themes and agenda throughout the text of his two-volume work--The Gospel of Luke and The Book of Acts. This very readable text is appropriate for college students, missionaries or ministers interested in a biblical perspective on mission and ministry in today's global, multicultural society.
