The Darwin Awards III: Survival of the Fittest Wendy Northcutt

One of the human race's most popular humor series returns with a brand-new collection of hilariously macabre mishaps and misadventures. Honoring those who improve our gene pool by inadvertently removing themselves from it, *The Darwin Awards III* shows once more how uncommon common sense still is.

From the sheriff who unintentionally shot himself twice, to the insurance defrauder who amputated his leg with a chainsaw; from a farmer who avoided bee stings by sealing his head in a plastic bag, to the man crushed by the branch he'd just severed; *The Darwin Awards III* proves again that when it comes to stupidity, we are the most advanced species on the planet.
