Directorate V: to assassinate the top 5 most costly pedophilic priests in the Catholic Church. In our government's attempt to create the perfect Manchurian Candidate--one whose memory cannot be accessed if caught behind enemy lines--it must develop a mind control program that erases memory without terminating the CIA's most valuable clandestine operatives, including the notorious SUPERFRIENDS. But in order to build such a program, it must first be tested. Based on conspiracy theory surrounding the global epidemic of pedophilic priests and the lack of accountability by those who could end it, from the Vatican to the CIA, The Privileged is a suspense thriller about the chosen one: a CIA assassin with multiple personalities and a fetish for murder.
