An Enemy of the People Henrik Johan Ibsen

"An Enemy of the People" is Henrik Ibsen's classic drama of the animosity that can befall someone whose actions, while in the best interest of the public good, threaten the economic well being of a community. "An Enemy of the People" is the story of Dr. Stockmann who, when charged with inspecting the local public baths, discovers that the water is contaminated. When Dr. Stockmann suggests expensive repairs, the local town, which derives much of their economic prosperity from the baths, turns against him.
