We live in a world that is constantly moving and changing. For many of us getting out on a surfboard to catch some waves or jumping off the top of the mountain is a rush they want to live over and over again.

Or perhaps you are someone who like to document the actions of plants and wildlife and is looking for a camera you can place in odd locations and take advantage of time lapse photography.

No matter the reason for wanting to record the world the truth is that most cameras will never allow you to do it in the way we want. And if they do they will require so much modification that the price is just not worth it.

Introducing the GoPro camera. The GoPro was designed for the person on the go. With this camera you can capture the world the way you want to see it and not how others tell you to.

In this book we will explore the GoPro camera, show you how it works, what you can do with it and even a few accessories that you need to optimize your photography and video taking experience.

At the end of this book you will be jumping on the GoPro web site ordering your very own camera. So if you are ready download this book today and start experiencing the world of GoPro Camera's.
