There is no cat in the world quite like the Egyptian cat. They are little furry bundles of history, walking the streets in every city and town. The Egyptian street cat shares the same DNA as that of the cats which were companions to Pharaoh in the times when cats were worshipped. This little book has a section on the history of the Egyptian cat and a selection of photos I have taken on my wanders around the tourist town of Hurghada. The Egyptian cat is very distinctive, with large ears, a small pointed face and slender muscular body. I hope you enjoy this little book as much as I enjoyed compiling it.
