Going Back

Tony Richards

Going Back Tony Richards

After it happened, my marriage only lasted two more months. Janine? She would tell me, some fifty times a day, that it wasn't really my fault. But she never looked in my eyes once, each time she said it. And by mid-February, she was gone. Time is of the essence, and in these eighteen stories from acclaimed dark fantasy writer Tony Richards the essence of time is the link that pulls his characters together. Richards explores the nature of reality and perception filtered through the lens of time; examines how our decisions can lead us down unsettling paths, and however carefully we make our choices they can still contain strange consequences, even tragic ones. A man becomes trapped within a never-ending day, another tries to prevent a child's death by returning to the past. Two others explore enforced loneliness and blind computer dating, each with terrifying results. Nine rocks predict the end of the world, and a beautiful stranger continues to exist even though her time is at an end. Meanwhile, non-existent cats play havoc with a bewildered couple's life, as mortality nudges at our shoulders, drawing ever closer. If only time was more flexible. Which way would you turn the clock, forward or back?

"A master of the art" - Black Static.

"Once again Richards confirms his superb storytelling skill and refreshes the pleasure of savoring fine prose" - SF Site.

"An amazing voice" - James A. Moore.

"Man, can this guy write" - Ed Gorman.

From reader reviews:

Mellisa White:

As people who live in the modest era should be update about what going on or facts even knowledge to make these individuals keep up with the era which can be always change and make progress. Some of you maybe may update themselves by looking at books. It is a good choice for yourself but the problems coming to a person is you don't know what kind you should start with. This Going Back is our recommendation so you keep up with the world. Why, because this book serves what you want and wish in this era.

Gloria Duncan:

Information is provisions for individuals to get better life, information today can get by anyone in everywhere. The information can be a expertise or any news even a concern. What people must be consider if those information which is inside former life are difficult to be find than now is taking seriously which one is suitable to believe or which one the actual resource are convinced. If you obtain the unstable resource then you understand it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Going Back as the daily resource information.

Dan Hanner:

This book untitled Going Back to be one of several books in which best seller in this year, here is because when you read this e-book you can get a lot of benefit in it. You will easily to buy that book in the book retail outlet or you can order it via online. The publisher of this book sells the e-book too. It makes you more easily to read this book, as you can read this book in your Touch screen phone. So there is no reason for your requirements to past this book from your list.

Margo Soares:

This Going Back is completely new way for you who has attention to look for some information as it relief your hunger of information. Getting deeper you on it getting knowledge more you know or perhaps you who still having little digest in reading this Going Back can be the light food for you because the information inside this particular book is easy to get simply by anyone.
