Writers and Miners: Activism and Imagery in America David Duke

Coal miners evoke admiration and sympathy from the public, and writers?some seeking a muse, others a cause?traditionally champion them. David C. Duke explores more than one hundred years of this tradition in literature, poetry, drama, and film. Duke argues that as most writers spoke about rather than to the mining community, miners became stock characters in an industrial morality play, robbed of individuality or humanity. He discusses activist-writers such as John Reed, Theodore Dreiser, and Denise Giardina, who assisted striking workers, and looks at the writing of miners themselves. He examines portrayals of miners from *The Trail of the Lonesome Pine* to *Matewan* and *The Kentucky Cycle*. The most comprehensive study on the subject to date, *Writers and Miners* investigates the vexed political and creative relationship between activists and artists and those they seek to represent.

Donald Goodman:

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's heart or real their interest. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Writers and Miners: Activism and Imagery in America can make you sense more interested to read.
